SLS Ground Rules

Create an environment for open dialogue, stay in a place of asking questions and learning—to understand, to clarify and to introduce alternative perspectives.

Ensure a balance of voices; Be aware of the amount of time and space you use to weigh in and create space for other voices to be heard.

Proactively share perspectives and actively listen to others: **THINK – True Helpful Important Necessary and Kind**

Be willing to work through, rather than avoid, conflict.

Acknowledge that all partners bring legitimate purposes, goals, concerns and interests, whether or not there is agreement.

Acknowledge that different organizations or agencies have different business models, decision-making requirements and obligations.

Be transparent when a project directly or indirectly benefits you or your organization and recuse yourself from decision making when appropriate or requested by others.

Ensure respectful meeting participation (i.e. turn phones off, arrive on time, speak one at a time, avoid sarcasm).

Don't blame, criticize or talk about people when they are not at the table.

When issues arise be clear on what you are asking and the preferred approach to following up on the concern.

Create the proper forum and process for addressing community issues.

Volunteer for tasks at hand.

Have fun and bring a sense of humor!
